

John K. Suzuki

Scientifically Validated Energy Healing To Improve Longevity, Life Force, and Healthy Aging

ABOUT John K. Suzuki

John started his healing energy company which is located in Laguna Niguel, California USA in 2012 to focus on the energy aspects of healing. Due to his own health challenges, John became aware that higher consciousness can greatly affect the healing of the human body. His search for higher consciousness led him to Guruji Mahendra Kumar Trivedi and the Trivedi Effect®. He then experienced the transformational power of Mahendra Trivedi's remote energy transmissions which could be used to improve his consciousness and heal his body. Through these transmissions, John has developed the ability to harness and transmit this healing energy. His healing power has now been validated in scientific research in basic analytical studies, plant extracts, as well as cell-based and animal models and the results suggest it can be used to improve human health and improve the quality of life.

WHAT OTHERS SAY

"I had you perform energy work on me to prevent a flare-up of Multiple Sclerosis - and I have not had a flare up since that time (2014). Hooray!!" – *Diane Gibson, Pittsburgh, Pennsylvania, USA*

"The most remarkable event occurred a couple years ago. I was in Texas and got multiple mosquito bites on both of my lower legs (approx. 64 separate bites). The next day I was very, very sick.
